Welcome to

Growing in Grace,

a comprehensive children's music curriculum.

The heart of *Growing in Grace* is the music. The songs appearing in each unit have been carefully written to ensure they are developmentally appropriate for the child, both theologically and musically. With understandable texts, singable melodies, and interesting accompaniments, these songs will help each child develop their natural singing skills, increase in musical knowledge, and grow spiritually.

The theme, *God Loves the World*, is based on John 3:16 and invites children to explore how God expresses love to us and how we should respond. God's love embraces all people in all places, and we find fulfillment in loving all that God loves. God also takes pleasure in His creation and reveals His glory in the created order. We have a responsibility to love and care for others and for the world as God cares.

This curriculum package includes two discs with demonstration and accompaniment recordings, abundant teaching materials, and colorful visuals. Song Teaching Steps offer easy-to-follow instructions. Additional resources are available online at www.growing-in-grace.com.

New Curriculum Features:

- Elementary Song Teaching Steps are written and numbered to be conveniently taught using one step per week.
- Activities have an increased emphasis on student-centered, hands-on learning and music-making. Frequently, an activity may be used over two or more weeks, building on previous learning experiences.
- A Poster Kit is available for purchase. It contains all *God Loves the World*—Spring curriculum visuals larger than 8.5"x11". Digital versions of all visuals, both PrintReady and Multi-page, are available in the curriculum. All 8.5"x11" curriculum components, including one-page visuals, songs, KIDPages, Teaching Steps, and Session Outlines, are printed by the user, as always.
- Curriculum posters (larger than 8.5"x11") are shown in Teaching Steps and Checklists as a single image, rather than the multi-page format.
- Preschool and Elementary Session Plans are now provided as easy-to-read Session Outlines.
- Student Pages are now called Student Scores.

Convenient Curriculum Features:

PrintReady

PrintReady folders contain digital versions of Poster Kit visuals, available to import into multimedia presentation software.

- Tell children: *"He's Got the Whole World in His Hands" is a spiritual, a type of song that was sung by African-Americans when they were slaves. These songs were sung to express faith, sorrow, and hope, while slaves endured the extreme hardships of slavery.*
- Display "He's Got the Whole World" Memory Visuals, and draw attention to the visual for Verse 1.
- Echo sing Verse 1 while demonstrating the motions.
 - **He's got the whole world**—draw a semi-circle overhead with one arm
 - **in His hands**—cup hands together in front of body
- Sing the entire Verse together without accompaniment.
- Sing Verse 1 with Demo 3, Track 4, or piano accompaniment. (pause the recording afterward, if using)

2. Review Verse 1, and teach Verses 2, 3, and 4 (mm. 13-20, 23-30, and 42-49).

ACTIVITY TEACHING STEPS

"Ciranda, Cirandinha"

1. Introduce the activity, and teach the circle dance.

- Tell children the folk song used for this activity is called "Ciranda, Cirandinha" (see-RAHN-dah see-rahn-JEEN-yah) and comes from the country Brazil. Point out the location of Brazil on a world map or globe. (optional)
- Explain that a *ciranda* (see-RAHN-dah) is a traditional dance in Brazil where people hold hands in order to dance in a circle. A *cirandinha* (see-rahn-JEEN-yah) is a small *ciranda*, often used as a singing game by children.
- Have children form a standing circle by holding hands.
- Remind children that a circle reminds us of God's love; there is no beginning or end and there is room for everyone.

Teaching Tip

To view a video demonstration of the dance, go to:

growing-in-grace.com/ciranda

- Lead children in practicing the circle dance movements:
 - **"Ciranda, cirandinha" take my hand and sing along**—circle to the right for eight beats
 - **Come and join our "cirandinha," all are welcome, all belong**—circle to the left for eight beats
 - **So move it to the beat, and lightly step your feet**—take four steps toward the middle of the circle, then take four steps back
 - **Lift your hands up high and then down low and here comes the repeat**—raise hands up high, lower hands, step three times in place
- Tell children the music begins slowly, then gets a little faster each time. (NOTE: The movements repeat four times.)
- Play Demo 21, and lead children through the dance. (NOTE: There is an eight-beat introduction before the movements begin.)

2. Discuss Tempo.

- Display Animal Tempo Visuals, folded in half to show only the animal and tempo term.
- Invite volunteers to describe the relative speed of each animal. (tortoise—slow, hedgehog—walking speed, rabbit—medium, cheetah—fast)
- Point out each animal's tempo term, and have children practice pronouncing each one. (i.e., *Largo* means slow, *Andante* means walking speed, *Moderato* means medium, *Allegro* means fast)

3. Add steady-beat instruments.

- Display Animal Tempo Visuals and review the four tempos used in “*Ciranda, Cirandinha.*”
- Divide children into two groups, assigning Group 1 to play the steady beat on non-pitched percussion instruments, and Group 2 to perform the dance.

Teaching Tip

Pre-designate a place in the room for instruments by laying them out in advance.

- Play Demo 21, and lead children in performing the dance and playing the steady beat on the instruments in four different tempos.
- Have children swap parts, and repeat.

Options

- Allow children playing instruments to improvise their own percussion rhythms instead of just the steady beat.
- If you have enough non-pitched instruments for all children to play simultaneously, divide children into two instrument groups, assigning Group 1 the steady beat, and Group 2 to improvise their own rhythms. Have children play along with Demo 21. Swap parts and repeat.
- Combine all three: divide children into three groups, assigning Group 1 instruments to play the steady beat, Group 2 instruments to improvise their own rhythms, and Group 3 to perform the dance. Swap parts and repeat as time allows.
